

Taiwan and the Asia-Pacific region

Cooperation and assistance to combat COVID-19

Compiled by MOFA
Updated January 2022

Country	Cooperation/assistance	Details
Marshall Islands	Donations of medical personal protective equipment (PPE) and supplies	Taiwan donated from 60,000 to 80,000 face masks, N95 masks and varying quantities of PCR test machines (including reagent supplies) to each nation, infrared thermal imaging cameras, ear thermometers, forehead thermometers, autonomous temperature measurement stations, quinine, ventilators, protective gowns, isolation gowns, disposable face shields, rapid test kits, automatic genetic analyzers, automated extraction machines, centrifuges, medical containers, goggles, and other supplies.
Tuvalu		
Nauru		
Palau		
Fiji		Donations of medical PPE and supplies
Papua New Guinea	Donations of medical PPE and supplies	Taiwan donated 25,000 face masks, N95 masks, infrared thermal imaging cameras, quinine, ventilators, protective gowns, isolation gowns, and automatic genetic analyzers.
Philippines	Donations of medical PPE and supplies	Taiwan donated 800,000 face masks, N95 masks, 200 oxygen concentrators, protective gowns, and isolation gowns.
Singapore	Donations of medical PPE and supplies	Taiwan donated N95 masks and 1.1 million face masks.

Indonesia	Donations of medical PPE and supplies	Taiwan donated 600,000 face masks, 350 oxygen concentrators, automatic genetic analyzers, high-flow nasal cannula systems, and oxygen cylinders.
Vietnam	Donations of medical PPE and supplies	Taiwan donated 350,000 face masks, 320 oxygen concentrators, and protective gowns.
Thailand	Donations of medical PPE and supplies	Taiwan donated 500,000 face masks, N95 masks, protective gowns, and isolation gowns.
Myanmar	Donations of medical PPE and supplies	Taiwan donated 270,000 face masks, N95 masks, infrared thermal imaging cameras, protective gowns, and isolation gowns.
Australia	Mutually agreed preferential procurement for medical PPE and supplies	<ol style="list-style-type: none"> 1. Taiwan and Australia agreed to preferential pricing for certain critical raw materials. Taiwan purchased one million liters of alcohol from Australia and provided Australia with three tons of nonwoven fabric to produce face masks. 2. Taiwan also donated 500,000 face masks to Australia.
India	Donations of medical PPE and supplies	Taiwan donated 1.2 million face masks, N95 masks, 578 oxygen concentrators, and 1,500 oxygen cylinders.
Japan	Cooperation and exchanges regarding medical PPE and supplies	<ol style="list-style-type: none"> 1. Taiwan donated 2.7 million face masks, 10,000 oximeters, and 1,008 oxygen concentrators. 2. Japan donated six batches of AstraZeneca vaccines to Taiwan, totaling about 4.2 million doses.
